## TRAFFIC CONTROL SYSTEMS

### Digital Take-A-Number System

Improve customer service with a digital "take-a-number" system.

The Turn-O-Matic system allows your customer to continue shopping while reserving their place in line and notifying them when they can be served.

These systems will help ensure that the service you offer your customer is fair and orderly.

Set Includes:

- 1 D90X dispenser (red or grey)
- Counter stand
- "Please take-a-number" sign
- 2 Arrow signs (right & left)
- 1 indicator (LED or segment)
- 1 Transformer (110/24v, 12v or 7v)
- 25' wire
- 3 push buttons
- 1 door decal
- Installation hardware & instructions

### Manual "Take-A-Number"

Manual customer number systems are available in 50 or 100

Set includes:

- 2 Stands
- 2 Information cards

### Crowd Control Posts & Ropes

Customized to your needs
